

ARTIFICIAL LAWN

Beautifully crafted low sheen lawn that looks and feels natural

WA Turf Gurus

Innovative Sustainable Eco Friendly

Beautifully crafted low sheen lawn that looks and feels natural

We pay attention to every detail to all the product we design and manufacture. Our regular quality control system is key of our success. All our synthetic turf & grass made to Australian weather conditions. Our company only focus on installing premium quality artificial lawns and providing a high level of customer service and quality

Just as you would expect from the Gurus.

Swan valley buffalo

SUITABLE FOR ACTIVE KIDS

Our grasses are UV stabilized and colour fast, so even in the harshest of summer sunshine, they won't fade. The turf is self-draining so there's no water logging or muddy patches to worry about, and animals and children alike can run, fall, play and do whatever messy business they choose to without you having a care in the world.

Albany Green

WON'T FADE AWAY

Like our complete range of synthetic lawns the Albany Green has been tested by the CSIRO and leading international laboratories. Our grasses are UV stabilized and colour fast, so even in the harshest of summer sunshine, they won't fade. The turf is self-draining so there's no water logging or muddy patches to worry about, and animals and children alike can run, fall, play and do whatever messy business they choose to without you having a care in the world.

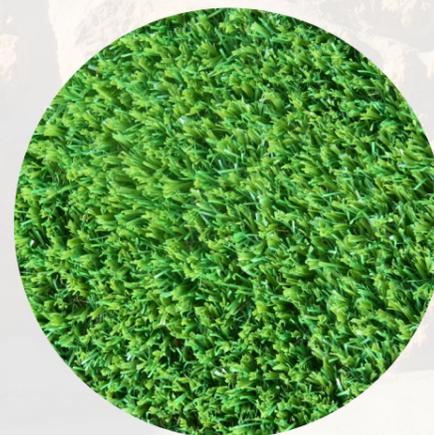

Our Products

Denmark Spring

A WELCOME ADDITION

Blades of plush green grass on top with stunning sun-kissed strands of browner grass underneath gives this beautiful turf a super realistic look. This grass was developed to have a natural spring appearance with a thick and plush texture that's soft to touch. Suitable for both small and large areas our Denmark Spring turf will look great in both full sun and shaded areas

Canarvon Summer

AFFORDABLE THAN EVER.

Imagine you mowed your lawn one final time and then threw your lawn mower away, knowing it would stay that length forever. With our Canarvon Summer, that's exactly what you get. A permanently, freshly-cut look without the need to water or mow it ever again. Canarvon Summer represents great value for money and will save you money in watering and gardening Over a few years synthetic lawn will pay for its self.
